

THE INTERNATIONAL ASSOCIATION OF GAY AND LESBIAN MARTIAL ARTISTS

OFFICIAL TOURNAMENT RULES AND PROCEDURES

1. PURPOSES AND OBJECTIVES

- 1.1. These Rules govern multi-style tournaments. All commands shall be given in English or in the language of the host country (i.e., not in style-based language such as "kata," "hyung," "kumite"). All commands are to be given immediately with the appropriate hand and/or flag signals.
- 1.2. The purposes of these Rules are to:
 - 1.2.1. Insure fair and impartial judging and refereeing by establishing standards thereof.
 - 1.2.2. Establish the authority of referees, judges and contestants.
 - 1.2.3. Insure strict fairness and uniformity in the methods of judging and in enhancing the authority of the center referees and judges. The value of competition does not lie in winning but in establishing good sportsmanship and friendship. In martial arts the true opponent is oneself.

2. SITUATIONS NOT COVERED BY THESE RULES

- 2.1. Where any situation arises which is not covered by these Rules, it shall be dealt with by a decision given by the center referee, after consultation with the judges, tournament director and chief IAGLMA official.

3. DEFINITION OF TERMS

- 3.1. The term **Mat Artist** indicates anyone who practices a martial art that is most often performed on a cushioned surface and includes those disciplines that prefer a tatami surface (i.e., judo, aikido, ju-jitsu).
- 3.2. The term **Floor Artist** indicates anyone who practices a martial art that is most often performed on a hard floor (i.e., karate, kung-fu, tae kwon do).
- 3.3. Rank Equivalentents:
Beginner - white, yellow or orange belt; under 1 year of experience.
Intermediate - green, blue or purple belt; between 1 and 22 years of experience.
Advanced - red or brown belt; between 22 and 4 years of experience.
Black Belt - over 4 years of experience.

Experience - *indicates continuous practice.*
- 3.4. The term **form** indicates the performance of a prearranged series of attacks and defenses vs. imaginary opponents.

- 3.5. The terms **salutation** or **courtesy** indicates any polite greeting that is made physically and/or verbally before martial arts activity is engaged, e.g., bowing.
- 3.6. The term **contact area** indicates that touch is permitted.
- 3.7. The term **target area** indicates that no touch is permitted. A technique to the target area is a point if there is no touch, extension is left in the technique, there is no interference and the opponent has not blocked the technique. *See Rule 14.*

NOTE: THE FIRST CONTACT TO A TARGET AREA VERIFIED BY TWO (2) JUDGES RESULTS IN AN OFFICIAL WARNING. THE SECOND CONTACT TO A TARGET AREA VERIFIED BY TWO (2) JUDGES RESULTS IN AUTOMATIC DISQUALIFICATION.

- 3.8. **Light contact** indicates no penetration or movement of the opponent as a result of the technique. Just a touch is permitted; no blood can be drawn.
- 3.9. **Moderate contact** indicates slight penetration or movement of the opponent as a result of the technique. No blood can be drawn.
- 3.10. **Excessive contact** indicates an extreme penetration or movement of the opponent as a result of the technique, or a violent distortion of the body from the force of the blow to the body, and possibly - but not necessarily - including swelling or bleeding (even if it was unseen by the judges). Any blood drawn as a result of an opponent's technique is considered excessive contact. If there is bleeding (e.g., nosebleed) and no face, head contact is seen by any judge, it is a judgment call as to whether the bleeding was caused by excessive contact. A knockout results in an immediate disqualification.

MAT ARTISTS' RULES AND PROCEDURES

4. JUDO COMPETITION

- 4.1. Judo competitions will be held using the contest rules of the **International Judo Federation** (available in the United States from U.S. Judo Inc., the U.S. Judo Association, or the U.S. Judo Federation).
- 4.2. Duration of competition and competitors' divisions shall be as close to Olympic standards as possible. Duration and divisions will be decided by the tournament directors in conjunction with the IAGLMA officials and will depend on the number of registered competitors.

FLOOR ARTISTS' RULES AND PROCEDURES

5. GENERAL POLICIES AND PROCEDURES

- 5.1. See **APPENDIX A** for the list of divisions.
- 5.2. Black Belt competitors are limited to 2 empty hand form divisions, 1 weapons form division, 1 self defense and 1 fighting division. **Rings will not be held for competitors entered in more than one empty hand division.**

- 5.3. Color belt competitors are limited to 1 empty hand form division, 1 weapons form division, 1 self defense division and 1 fighting division.
- 5.4. **Empty hand forms/weapons forms:** If there are more than 20 competitors, divisions may be divided into male and female, 45 and up, etc. If there are too few competitors (i.e., fewer than 5), divisions may be joined.
- 5.5. **Self defense:** If there are more than 20 competitors, the self defense divisions may be divided into male and female, 45 and up, etc.
- 5.6. **Free sparring:** Sparring equipment is mandatory in all sparring divisions. This includes headgear, mouthguard and hand and foot coverings for all competitors and groin protection for males. The hand covering must cover the knuckles. The foot gear must cover the toes and heel. It may be either foam dipped type (Century, Jhoon Rhee, Shihan, etc.) or vinyl (Tiger Claw, KP, etc.). All equipment must be in good condition or repair. *See also Rule 25.*
- 5.7. When possible, the **weigh-in** for sparring divisions will be the day before the competition. The latest time for the weigh-in should be the morning of the competition. All weight classes should be listed in both kilos and in pounds.
- 5.8. Final competitive divisions shall be decided by the tournament directors in consultation with the IAGLMA officials and will be based upon the number of participants who have enrolled on or before a predetermined deadline date.
- 5.9. **By entering the competition, a contestant has implied her/his consent to compete with anyone that is assigned to her/his division.** (NOTE: A contestant is free to bow out at any time, but forfeits her/his standing in that match and/or division.)
- 5.10. Competitors should enter their appropriate age, rank, weight, special needs/able-bodied division, but the final decision on competitive divisions will be made by the tournament directors in conjunction with the IAGLMA officials. The tournament directors in conjunction with the IAGLMA officials reserve the right to join divisions with too few competitors. Every effort will be made to avoid mismatching contestants.
- 5.11. Competitors MUST enter the division appropriate to the highest awarded rank in any style(s). For example, in fairness to white and gold belts or that equivalent (i.e., those with under one (1) year of training), a competitor holding a black belt in at least one style cannot enter any lower ranking divisions. This Rule applies even if the competitor is currently studying another style, other than the one in which she/he holds a black belt, and is ranked a beginner or intermediate in that style.

6. **BASIC CRITERIA FOR JUDGING MULTI-STYLE FORMS**

- 6.1. Power: if appropriate
- 6.2. Stances: strength and transitions to and from each stance
- 6.3. Balance
- 6.4. Control of body
- 6.5. Focus of technique(s): precision
- 6.6. Right and left side equally adept unless there is a physical reason for not being so.

- 6.7. Rhythm: how the individual techniques are grouped together.
- 6.8. Flow: transition between moves or groups of moves.
- 6.9. Grace: in slow or circular moves
- 6.10. Grace: overall
- 6.11. Breath control: begin and end without enervation
- 6.12. Intensity: body, eye, spirit
- 6.13. Authority: complete control of mental and physical requirements of the form

7. **FORMS COMPETITION**

- 7.1. The ten (10) point decimal system (using scoring cards) shall be used for judging forms. (The black number indicates the whole number, the red number indicates the decimal.)
- 7.2. The highest and lowest points from a contestant's score will be eliminated. The remaining three scores are then totaled to determine the competitor's score. (E.g., if the scores are 8, 7, 7, 7, 6, the 8 and 6 are eliminated for a total score of 21.)
- 7.3. Score must be **VISIBLE** to the contestant and score keepers at all times. The scorekeeper must announce the scores loudly. It is the individual judge's responsibility that her/his score is announced correctly.
- 7.4. The first three (3) contestants will compete before any contestant is scored. Successive contestants will be scored immediately upon completion of their individual form.
- 7.5. In the event of a tie, the highest and lowest scores will be added back in to break the tie. If it remains a tie, color belt contestants may choose to do the same form or another form and be scored again. If there is a tie in Black Belt division, each contestant must choose a different form and be scored again. In the event of a second tie (in Black Belt division or color belt divisions), upon the center referee's command, the judges will point to the contestant they felt won. The majority vote will determine the winner.
- 7.6. Contestants arriving to a division after charts have been completed will not be allowed to compete. The only exception is in the case of Black Belt judges. Every attempt will be made to structure the competition so that we do not hold up a ring because Black Belts are judging in another. However, Black Belts should be aware that they may have to compete in this fashion. This is a possibility because we want the most experienced Black Belts judging Black Belt competition.
- 7.7. A Black Belt contestant who forgets or makes a blatant error is prohibited from restarting the form. All color belt competitors may request permission to restart a form, but a **ONE POINT PENALTY must be DEDUCTED from the aggregate score**. It is the center referee's responsibility to instruct the side judges to score the completed form. The center must then instruct the scorekeeper to deduct one full point from the final aggregate score.
- 7.8. Form contestants shall enter the ring opposite to the judges.

- 7.9. At the start of form performance, contestants shall offer courtesy or salutation to the judges. The choice of courtesy or salutation shall be left to the discretion of the contestant.
- 7.10. The competitor is limited to her/his name, name of style and name of form when addressing the judges. The name of the instructor, a history of the style or form or any other prolonged litany is not necessary.
- 7.11. The center referee acknowledges that the competitor may begin.
- 7.12. **Suggested** scoring ranges:
- | | |
|-----------------------------|------------------------------|
| Color belts form divisions: | 6 to 8 with 7.0 as average. |
| Black belt form divisions: | 7 to 10 with 8.5 as average. |
- 7.13. The form will be graded from the moment the contestant enters the ring until the contestant stands in ready stance and is scored. All forms should last no longer than three (3) minutes from the time the competitor enters the ring to completion of her/his form. This performance time must be uninterrupted by the judges. After 3 minutes 15 seconds the competitor will be asked to complete the form. If the contestant continues, she/he will be disqualified.
- This Rule does not apply to Tai Chi divisions. However, this Rule does apply if there are no separate Tai Chi divisions and those competitors are incorporated into another division.
- 7.14. Discourteous physical or verbal responses to judges' scoring or any other official pronouncement will cause one (1) point to be deducted from that contestant's aggregate score (e.g., 7, 7, 7, 7, 7 = 21 [- 1] = 20).

8. **WEAPONS FORM**

- 8.1. All weapons must be inspected by the center judge or a designated judge as the cards/charts are being readied. This inspection is to determine (a) that the weapon is safe, and (b) to ensure that the weapon is a traditional martial arts weapon of traditional materials (i.e., not of plastic or rubber).
- 8.2. All weapons must be under the constant control of the competitor's limbs. No throwing or flying projectiles are permitted.
- 8.3. If the weapon is handled in such a way that the judges (3 of 5) decide that the contestant handles the weapon in a manner unsafe to her/himself or to others, the contestant is disqualified.
- 8.4. If a weapon is deemed unsafe (i.e., frayed cords, weak chain, blade/tang loose, etc.), the contestant will have two (2) minutes to replace the weapon or to fix it.
- 8.5. If the weapon breaks or is broken during the performance, the contestant is disqualified.

- 8.6. If the weapon is dropped, the black belt contestant is disqualified. Color belt contestants are permitted to begin one more time, but a full point will be deducted from the contestant's final aggregate score. *See Rule 7.*
- 8.7. If the weapon is put or placed on the ground, it is the decision of the individual judges as to whether it is inadvertent or a deliberate placement.

9. **MUSICAL FORMS**

- 9.1. The time limit for musical forms is three (3) minutes. The clock begins to run the moment the contestant enters the ring and shall be uninterrupted by the judges. For each second after 3 minutes, one point will be deducted from the competitor's aggregate score. After 3 minutes 6 seconds the competitor is disqualified.
- 9.2. The musical form will be scored like regular forms, except that, as in open form, creative non-traditional elements will add to - not detract from - the scores.
- 9.3. Each contestant must supply her/his own music and music source. Power will be provided but back-up batteries are recommended. Back-up tape/CD and converter plugs are also suggested.
- 9.4. No weapons are allowed in this division. This includes fans. A separate musical weapons form division *may* be added.
- 9.5. Only one contestant is permitted to compete. i.e., there are no two person sets.
- 9.6. It is strongly suggested that the competitor enlist an assistant to start and to attend to the music.
- 9.7. Only one (1) attempt to fix the tape recorder/music source will be allowed or two (2) minutes, whichever comes first. A second failure of the machine or music will result in disqualification.
- 9.8. The suggested scoring range is the same as empty hand and weapons forms. *See Rule 7..*

10. **GRAND CHAMPIONSHIP - FORMS** (If applicable)

10.1. Empty Hand Forms

- 10.1.1. 7 judge panel.
- 10.1.2. First place winners in all black belt empty hand forms divisions (soft, hard, musical, open/creative, seniors, special needs, etc.) compete for form grand champion.
 - 10.1.2.1. Women's grand champion.
 - 10.1.2.2. Men's grand champion.
 - 10.1.2.3. If there are fewer than 3 divisional winners (5 would be better), the men's and women's division may be joined.
- 10.1.3. IAGLMA Rules regarding forms apply, including 3 minute time limit. *See Rule 7.*

10.2. Weapons Forms

- 10.2.1. 7 judge panel.
- 10.2.2. First place winners in all black belt weapons divisions (soft, hard, musical, open/creative, seniors, special needs, etc.) compete for weapons grand champion.
 - 10.2.2.1. Women's grand champion.
 - 10.2.2.2. Men's grand champion.
 - 10.2.2.3. If there are fewer than 3 divisional winners (5 would be better), the men's and women's division may be joined.
- 10.2.3. IAGLMA Rules regarding weapons forms apply, including 3 minute time limit. *See Rule 8.*

11. TWO PERSON SETS

11.1. Forms

- 11.1.1. Two competitors (may be female/female, male/male or female/male, abled/differently abled, any 2 styles, any 2 ranks - although close in rank is usually better) are scored as a team.
- 11.1.2. The competitors use continuous, flowing attack and defense techniques, i.e., a choreographed fight. It is not a self-defense skit, so one competitor doesn't "win" at end or end up flattened. The competitors work together to demonstrate varied attacks and defenses, similar to Aikido, Judo kata but continuous motion - no stops.
- 11.1.3. IAGLMA Rules regarding forms apply, including 3 minute time limit. *See Rule 7.*

11.2. Weapons

- 11.2.1. The same definitions as in Rule 11.1.a-b apply, only incorporating weapons. These sets are usually done with a long weapons vs. a short weapon - but can be long vs. long or short vs. short as well.
- 11.2.2. IAGLMA Rules regarding weapons forms apply, including 3 minute time limit. *See Rule 8.*

12. SPARRING: NO FACE/HEAD CONTACT RULE

- 12.1. There is **NO FACE/HEAD CONTACT** in any color belt division. The face area is designated as the mask part of the face, hairline to chin point and from ear to ear. This DOES NOT include the throat, sides or back of the neck, top or back of the head - and these areas are neither touch nor target areas. (*For Black Belt divisions see Rule 12.*)
- 12.2. The face is a **TARGET AREA** in color belt divisions. The face as a target area is designated as the mask part of the face, hairline to chin point and from ear to ear. This DOES NOT include the throat, sides or back of the neck, top or back of the head. A winning point strike shall be just a fraction of an inch short of contact without interference or without being blocked by the opponent. There must be extension left in the technique. *See Rule 27.*

- 12.3. If a contestant, while **ATTEMPTING** to score with a kick, punch, or any type of direct strike, inflicts any cut that causes external or internal bleeding, laceration, bruise, abrasion, or swelling of the skin of the face, she/he will automatically be disqualified.
- 12.4. If there is blood or serious injury, a disqualification must be given by the center judge. A majority rule is not required for a bleeding or serious injury, disqualification is automatic. However, a majority rule (3 of 5) will decide whether the injury is serious enough to warrant disqualification if the injury is non-bleeding.
- 12.5. **LIGHT CONTACT** is allowed in Black Belt divisions, however, Rules 3 and 4 always apply. **LIGHT CONTACT MEANS TOUCH.** If the opponent's head moves significantly as a result of the contact and two (2) judges call contact, the contestant causing the head to move receives one warning. A second contact during the match which causes the opponent's head to move significantly with two (2) judges calling contact will result in automatic disqualification. (*See Note at end of Rule 26.*)

If a majority of the judges, i.e., three (3) of five (5), call excessive contact on the first call, the contestant on whom the call is made is automatically disqualified, even if there is no blood, swelling or observable serious injury.

The touch and target area is the mask part of the face, hairline to chin point and from ear to ear. This DOES NOT include the throat, sides or back of the neck, top or back of the head - which are neither touch nor target areas.

NOTE: If the liability insurance procured by IAGLMA and/or by the tournament directors does not permit face contact or removes other scoring areas, those areas will be target areas only in all divisions, including black belt divisions.

13. **BODY CONTACT RULE**

- 13.1. There is **MODERATE CONTACT** (*see Rule 3.*) to the body in all divisions. Moderate contact does not mean to rock opponent back two feet. A score to the chest, flanks, or abdominal region must be **SEEN AND CONTROLLED**. Light touch is also a point, but you must actually touch.
- 13.2. **EXCESSIVE BODY CONTACT** (*see Rule 3.*) shall be dealt with in the following manner: if two (2) judges call excessive contact, the contestant receives one warning. If two (2) judges call a second time for excessive contact, the contestant is automatically disqualified. If a majority of the judges, i.e., three (3) of five (5), call excessive contact on the first call, the contestant on whom the call is made is disqualified. (*See Note at end of Rule 26.*)
- 13.3. If, at any time during the match, a majority of the officials agree that a competitor cannot or should not continue as a result of injuries received in the match, the competitor who inflicted the injury shall be disqualified if the injury was inflicted while attempting a technique.
- 13.4. If a contestant slips and falls and is injured, the opponent is not disqualified unless she/he pushed the injured contestant down or caused the fall by excessive contact. *See Rule 17.*

14. **POINT SCORING CONTACT AND TARGET AREAS**

- 14.1. Point scoring contact areas are the **mask part of face, torso (which includes chest and the abdominal region above the belt) and flanks (sides) of the torso.**
- 14.2. There will be no contact above the shoulders or to the groin. (*For Black Belt divisions, see Rule 12 and Rule 14.*)
- 14.3. **THE GROIN IS A TARGET AREA IN BLACK BELT DIVISIONS ONLY.** Target area means no contact. A winning point must be just a fraction of an inch short of contact without interference or without being blocked by the opponent and there must be extension left in the technique. A touch = 1 warning; 2 touches = disqualification. See *Rule 3.*

The groin is designated as the triangular region in front, approximately two (2) inches below the navel. Underneath, between the legs (i.e., the area exposed during a kick) is not a target area.

NOTE: if the liability insurance procured by IAGLMA and/or the tournament directors does not permit the groin as a target area, then the groin will be eliminated as a legal scoring area for all divisions, including black belt divisions.

- 14.4. The kidneys are not a target area or contact area for color belt divisions. The kidneys are located next to the spine, partially covered by the ribs.
- 14.5. Sweeps are allowed in all divisions. Sweeps are not permitted against a joint. Sweeps are only to be executed to the lower (distal) 1/3 of the region of the leg, which is between the foot and knee. The attacker may use only the lower (distal) 1/3 of the region of the leg which is between the knee and the foot. Attempted sweeps which are executed above that region are considered kicks to the legs and are fouls. A sweep is not a point itself and must be followed through immediately with a skillful technique executed in a continuous motion with the body of the person being swept kept under control at all times. Sweeps which do not control the defender's body and sweeps which result in injury to the defender are fouls. Sweeps in which the attacker drops to the floor are not permitted.

15. HOW TO SCORE A POINT

- 15.1. Techniques which may be used to obtain a point are: punch, back fist, hammer fist, ridge hand, edge of hand, palm heel, wrist strike, front kick, side kick, roundhouse kick, wheel kick, heel kick, back kick, crescent kick, drop kick and any of the above kicks combined with a jump or spin. This includes any technique in which the contestant drops to the floor with a kick or hand technique which reaches a legal target or contact area.
- 15.2. Techniques that may not be used are: head butting, finger jabs, ripping and gouging techniques, techniques to the throat, blind techniques, any takedowns or sweeps where the opponent's body is not under control, a jump or spin where the attacker's body is not under control and any other uncontrolled techniques.

16. **HOW TO RECOGNIZE A POINT**

- 16.1. Any point given must be recognized on the basis of: (1) correct form, (2) correct distance, (3) body balance and control, (4) strength of technique, (5) no obvious interference, (6) extension left in strike.

17. **POINT SYSTEM AND LENGTH OF MATCHES**

- 17.1. All divisions under Black Belt shall last two (2) minutes running time, or three (3) points, whichever comes first. Time can only be stopped by the center referee to allow equipment adjustments, to hear legal protest, to attend to an injured contestant, or if more than "normal time" is needed to conduct voting, award points, assess penalties, administer warnings, or return contestants to the center of the ring.
- 17.2. All Black Belt divisions will be three (3) minutes and total points. Five (5) point spread will apply (i.e., the first competitor to be ahead by 5 points wins the match).
- 17.3. Only full points shall be awarded for hand or foot techniques.
- 17.4. A majority of the officials (3 of 5 or 2 of 3) must agree in order to award a point. Every effort will be made to have a full complement of 5 judges in all divisions. However, if necessary, the IAGLMA officials and/or the tournament directors reserve the right to allow a ring to run with 3 judges.
- 17.5. A contestant who has one (1) foot inside the contest area may score on an opponent or be scored upon. The foot inside the ring must be the supporting foot.
- 17.6. A final win must be awarded by the center referee and judges in all matches. No draws will be permitted.

NOTE: Any competitor may bow out at any time at his/her own discretion. Any instructor may require her/his student to bow out at her/his discretion. However, the bow out must be in a traditional and courteous manner. Furthermore, any competitor who bows out forfeits her/his standing in that match and/or division.

- 17.7. All overtime will be "sudden victory" (first point wins) except for Black Belt divisions where there is a timed one (1) minute overtime and then, if necessary, sudden victory will apply. There will be a 30 second interval before overtime and/or sudden victory begin.
- 17.8. The time limit of a contest shall not be fewer than two (2) minutes continuous time or more than three (3) minutes continuous time. This does not include overtime and/or sudden victory to break tie matches.
- 17.9. Contestants may win in the following ways:
- 17.9.1. Score the required number of points, or be ahead on points when time is called.
 - 17.9.2. Disqualification of opponent.
 - 17.9.3. Opponent violates any of the Rules.

- 17.9.4. One opponent bows out to another. (**NOTE:** A contestant may bow out at any time, at her/his discretion, with no explanation necessary. That participant then forfeits her/his standing for that division. *See Rule 17.*)
 - 17.10. A slip and fall competitor is not subject to attack. The center judge must intervene and restart the match. A slip and fall injury is not the responsibility of the opponent. *See Rule 13.*
 - 17.11. If a competitor has the wind knocked out of her/him, a reasonable time (five (5) minutes or under) will be allowed to permit the competitor to recover.
 - 17.12. During an injury, discussion or other stoppage, the non-involved competitor(s) must kneel/sit back facing each other at a proper distance until they are called to rise and continue.
18. **GRAND CHAMPIONSHIP - SPARRING** (If Applicable)
- 18.1. Sparring
 - 18.1.1. 5 judge panel.
 - 18.1.2. First place winners in all black belt sparring divisions (feather, middle, heavy weight, seniors, special needs, etc.) compete for sparring grand champion.
 - 18.1.2.1. Women's grand champion.
 - 18.1.2.2. Men's grand champion.
 - 18.1.2.3. If there are fewer than 3 divisional winners, no grand championship will be held. The men's and women's division will not be joined for sparring.
 - 18.1.3. There will be two (2) rounds, (3) minutes each, one (1) minute rest between rounds. The competitor with the highest total points after the two rounds is the sparring grand champion. If there are no points at the end of the two rounds, or if there is a tie, there will be a one (1) minute overtime. If no points are scored during that one minute overtime, or if there is still a tie, then there will be a one (1) minute rest followed by a round in which the first competitor to score a point is the sparring grand champion (i.e., "sudden victory").
 - 18.1.4. IAGLMA Rules regarding fighting apply, including 5 point spread for each match. *See Rule 17.*
19. **TEAM SPARRING**
- 19.1. All team competitors must be pre-registered for the team and the division.
 - 19.2. A team must have the required number of competitors in order to register as a team.
 - 19.3. A competitor may not fight in 2 separate registered teams.
 - 19.4. All IAGLMA Rules regarding age, rank, sex, weight class and weigh-in apply.
 - 19.5. All IAGLMA Rules concerning fouls and scoring apply.
 - 19.6. Team order will be selected by a drawing and byes will be chosen by use of the IAGLMA bye chart.
 - 19.7. A competitor or team who bows out for any reason will disqualify the entire team. (Note: This is often a strategy to reconfigure a team after assessing the other team's fighters. Often a competitor will "discover" an injury after (or before) her/his first round in order to be replaced by one with differing talents. It also means that the other fighter must fight a fresh and rested competitor.) Therefore, teams may have one

alternate male OR female competitor. The alternate must be registered with the team and no substitutions are permitted. The registered alternate may fight *if and only if* a team fighter must bow out because of an injury. The team fighter who bows out because of an injury and is, consequently, replaced by an alternate, is not permitted to return to compete in later matches.

- 19.8. Each competitor will accumulate as many points as possible during his/her match. The team with the most accumulated points at the end of all matches wins the division.
- 19.9. If a competitor is disqualified for a technical violation of the IAGLMA Rules (e.g., low kick, blind technique, top/back of head, etc.), that team retains the number of points accumulated up until the disqualification, but the other team receives one extra point. That competitor and team may continue on to subsequent rounds. If a competitor is disqualified for a substantive violation of the IAGLMA Rules (e.g., excessive face or body contact, unsportsman/woman-like behavior, disrespect to competition officials, etc.), that team loses any points accumulated by that competitor during that match. (E.g., if a team consists of 4 competitors, then only the points of the 3 not disqualified for a substantive foul will be counted.) If a substantive disqualification is called during the final rounds (i.e., fighting for 1st, 2nd and 3rd place), then the entire team is disqualified.

20. **SELF DEFENSE**

- 20.1. All self defense sets should be performed in a continuous, realistic style CONSISTENT WITH FULL ATTENTION TO SAFETY. Pause after each set of three attacks so that judges may enter score, and contestants may secure weapons and adjust clothing. Each counter attack of each set will be scored a separate maximum score of 10 points for a maximum possible score of 90 points in Black Belt divisions, 60 in intermediate/advanced divisions, and 30 in Beginner divisions. Scoring will be done after each set. The highest and lowest points from a contestant=s score will be eliminated and the remaining scores totaled to determine the competitor=s score. In the event of a tie, the highest and lowest scores will be added back in to break the tie.
- 20.2. Self defense divisions will be judged by a seven judge panel, four judges on each corner of the ring, the remaining three judges placed along the sides of the ring. Every attempt will be made to include both mat artists and floor artists on the panel. Judges will score the competitor based upon the realism, accurateness and appropriateness of the defensive techniques against the attack. *Philosophical and stylistic positions regarding the appropriate "finish" to the attacker (i.e., whether to kill or incapacitate the attacker or to run away) should not influence the judges' scoring.*
- 20.3. Contestants must provide their own partners.

- 21.2. The contestants starting positions shall be marked by two lines, each two feet in length, located parallel to the sides of the ring, and each two feet from its center.

22. PROTEST AGAINST A DECISION

- 22.1. Protest made by a contestant, coach/teacher against a decision shall not be considered unless it is made (a) immediately after a questionable call or score, or, if the contestant needs to consult with her/his teacher/coach, no later than immediately after the match or immediately after the performance by the final form competitor in that division; (b) in a traditional and courteous fashion; and (c) directly to the center judge who shall consult with the IAGLMA officials and the tournament directors or their designees. *Protests will not be heard once the division has concluded and final places awarded.*

NOTE: PROTESTS ARE LIMITED TO CLARIFICATIONS REGARDING THE APPLICATION OF THE RULES, NOT OF THE DISCRETIONARY CALLS OF ANY JUDGE. (E.g., if 3 of 5 or 2 of 3 judges call excessive contact, or if a competitor is disqualified for continuing beyond the 3 minute 6 second time limit in the musical form division, there will be no appeal.)

23. CONTESTANTS: SEQUENCE OF COMPETITION

- 23.1. When possible, the order of performance will be randomly picked prior to the day of the competition. Otherwise the order of performance will be randomly picked immediately prior to the division.

If at the end of the roll call and the two (2) minute grace period a contestant fails to make her/his presence known to the officials, that contestant forfeits the opportunity to compete. **Once the charts have been completed in both form and fighting, no one will be added to the chart.**
- 23.3. If a contestant is also judging, she/he should be aware when her/his own competitive division is going to take place. If the judge/competitor is judging a form division, no substitutions in judges are permitted until that entire division has finished. Therefore, the judge/competitor should inform the center judge of her/his competitive division that she/he is still judging. In turn, the center judge should inform the competitor/judge of her/his place in the sequence of competition and that ring will be halted until the judge/competitor is free to perform in her/his designated position.

If the judge/competitor is judging a sparring division, she/he may secure a side judge to replace them when her/his own competitive division is called.

Competitors should try to anticipate their own competitive divisions before accepting a judging responsibility. Every attempt will be made to minimize the conflict of responsibility between judging and competing.

- 23.4. The sequence and order of competition are the same for sparring as for forms, i.e., three (3) minutes to appear at designated competition area and two (2) minute grace period; two (2) minutes to secure proper equipment and/or to fix equipment. A competitor not present and ready to compete within these parameters will be disqualified. *See Rule 23.*

- 23.5. At the start of sparring competition, contestants shall stand facing each other approximately four feet apart, with the center referee midway between them.

By entering the competition, a contestant also warrants that she/he is not under the influence of any alcohol or controlled substances which impair or enhance performance.
- 23.11. A competitor shall not be faulted for a technique to an opponent's pre-existing injury. The competitor may actually be awarded a point.
- 23.12. Contestants may spar in any style favored, provided such style follows the IAGLMA Official Tournament Rules and Procedures as provided herein.
- 23.13. Any competitor may bow out at any time at his/her own discretion. Any instructor may require her/his student to bow out at her/his discretion. However, the bow out must be in a traditional and courteous manner. Furthermore, any competitor who bows out forfeits her/his standing in that match and/or division.

24. **MARTIAL ARTISTS WITH SPECIAL NEEDS**

- 24.1. Physically challenged martial artists are encouraged to participate in the appropriate special needs divisions at all levels of form and fighting. (**NOTE:** Depending upon the number of contestants, some divisions may be joined.)
- 24.2. **By entering the competition, a contestant has implied her/his consent to compete with anyone that is assigned to her/his division. (**NOTE:** A contestant is free to bow out at any time, but forfeits her/his standing in that match and/or division.)**

25. APPEARANCE AND DRESS OF CONTESTANTS

If any part of the contestant's outfit is deemed unacceptable by the IAGLMA officials and the tournament directors, the contestant will be given a grace period of no more than five (5) minutes to change outfits or to alter the existing outfit.  - 32.3.5. Follow step 2.a.(4).
 - 32.3.6. **If a competitor receives an official warning, she/he cannot also receive a point. Only the competitor not warned can receive a point if a majority of the judges call a point for that competitor.**
- 32.4. Unofficial Cautions.
- 32.4.1. Center referee and side judges are allowed to make unofficial cautions or warnings.
 - 32.4.2. An unofficial caution is between the competitor and center referee or between the competitor and a side judge that gives such a call. The side judge must inform the center referee that she/he wishes to give an unofficial warning. An unofficial warning is primarily to warn a competitor that she or he is doing something improper and should stop.
- 32.5. Center referee ends the match, after the timekeeper calls TIME or after the accumulation of the appropriate number of points for that division.
- 32.5.1. Call fighters to starting position facing each other.
 - 32.5.2. Make the official call of either point, disqualification or forfeit.
 - 32.5.3. Give the official score, pointing toward the competitors' feet as the scores are announced.
 - 32.5.4. If disqualification is called, now announce the call and point upward (hand on the side of the competitor receiving the disqualification).
 - 32.5.5. Bowing out the competitors.
 - 32.5.5.1. Point toward competitors' feet, open hand, palm up.
 - 32.5.5.2. Have competitors bow to you and bring your hands to your side and bow.
 - 32.5.5.3. Have competitors bow to each other - at the same time cross your arms.
 - 32.5.5.4. Designate who is the winner by pointing open hand toward her/his head and say out loud "**WINNER.**"

33. HAND SIGNALS

33.1. Side judges and referees:

- 33.1.1. Indicating point - open hand, palm upwards toward scorer's head, with your arm straight.
- 33.1.2. Indicating face or excessive body contact - fist cupped over by open hand at chest level.
- 33.1.3. Indicating foul or illegal technique (including running out of the ring) - hand closed, index finger pointing upward, circle high over head.
- 33.1.4. Indicating no call - crossed arms, at waist level, closed hands.

33.2. Center referee only:

- 33.2.1. Official Point - open hand, palm facing upward, point toward scorer's feet.
- 33.2.2. Official contact or foul - point open hand upward (elbow bent to right angle) using the hand nearest the competitor receiving call.
- 33.2.3. Official no call - wave open hands back and forth crossing them.
- 33.2.4. Official winner - point open hand, palm up, arm straight, toward winner's head.
- 33.2.5. Bowing competitors to each other - cross arms, at chest level, palms toward the floor.
- 33.2.6. Bowing to competitors - bring hands to your side and bow.

34. **FLAG SIGNALS**

34.1. Remember to call a foul first and, if applicable, a point at the same time (i.e., raise both flags: "I HAVE 2 CALLS.") Fouls are determined first, then points. Judges cannot call a point and a foul simultaneously for the same competitor. *See Rule 33.3.*

34.2. Center referee only:

34.2.1. The center referee uses hand signals, not flags. Those hand signals are described in detail in *Rule 34.*

34.3. Side judges:

- 34.3.1. Indicating point - raise appropriately colored flag that corresponds to color of cloth attached to belt of competitor for whom point is being called.
- 34.3.2. Indicating foul - raise and circle appropriately colored flag as in using a hand signal. *See Rule 34.*
- 34.3.3. Indicating face or excessive contact - strike sticks of two flags together repeatedly and raise the appropriately colored flag.

- 34.3.4. Indicating running - direct appropriately colored flag to side and tap floor repeatedly.
- 34.3.5. Indicating no point, no call, did not see - repeatedly cross the flags in front of the body at waist level.
- 34.3.6. Indicating 2 calls - raise both flags and say "I have 2 calls." Call the foul first as the same individual cannot have a foul and a point. A foul negates a point.
